A woman with long dark hair, wearing white-rimmed sunglasses and a multi-strand pearl necklace, is shown from the chest up. She is also wearing pearl bracelets on both wrists. The background is a collage of geometric patterns, including a grid of triangles and a series of vertical black and white stripes. Large, bold, black letters spell out 'VICTORIA' across the top. Overlaid on the left side of the image is the text 'WELCOME TO MY WORLD' in a white, sans-serif font. Above this, the name 'Victoria' is written in a cursive script, followed by 'Vyn' in a similar script, and 'IT'S ME' in a small, white, sans-serif font.

The modern and trendy formulas offer unlimited possibilities for decoration, creating nail art designs and working with the product in the salon. When creating new collections of products for nail care and decoration we draw from the latest trends from NYC – the world capital of fashion and design.

APPLICATION INSTRUCTIONS

Precisely match the for to the nail plate.

Apply PRIMER ACID, leave for about 60 sec. Do not apply on the cuticles.

Apply BASE BUILD GEL to the natural nails. Cure: UV-120 sec./LED-60 sec.

Apply 1st LAYER of the BUILD GEL. Cure in a lamp for approx. 15 sec, next give your design a tunnel shape. Cure: UV-120 sec./LED-60 sec.

Apply 2nd LAYER of the BUILD GEL, from the cuticles to the free edge, in such a way as to create a "C" shape. Cure: UV-120 sec./LED-60 sec.

Wash the cured gel with NAIL PREP START MANICURE

With 180/240 grit nail file, give the built gel the desired shape. Check the apex and buff the nail with a 320/600 grit nail file.

Apply TOP BUILD GEL. Cure: UV-120 sec./LED-60 sec.

Remove the dispersion layer with CLEANSER FINISH MANICURE

Finish the manicure off with the Complex 5 Oil. Rub it into your cuticles and hands.

REMOVAL

Remove using a 100/180 grit file or a milling machine, next even the surface with a nail buffer block 120.
